MINISTRY OF FINANCE (COMMUNICATIONS DIVISION)

New Delhi, the 31st August 1953

No. 520-C-3/PT/53.—Whereas it has been represented to the Government of India that the holders of some Post Office Insurance Fund Policies who came over to India from Pakistan failed to pay certain premiums on those policies in India in time and that it would be a hardship if these policies are considered to have lapsed merely on the ground of such failure;

Now, therefore, the President, with a view to give relief to the holders of these policies, is pleased as a special case to decide as follows:—

(1) The said policies may be revived at any time up to the 31st December 1953, without any medical certificate even if premiums on these policies which fell due during the period from the 15th August 1947 to the 31st March 1948 were not paid anywhere at all or were paid in Pakistan either in whole or in part:

Provided that—

- (a) the policies were in force on the 15th August 1947;
 - (b) the Government of India has assumed liability in respect of these policies;
 - (c) the arrears of premiums which fell due during the period from the 15th August 1947 to the 31st March 1948 but were not paid anywhere are paid in India on or before the 31st December 1953 together with interest at $3\frac{1}{2}$ per cent. per annum compounding yearly;
 - (d) all premiums due after the 31st March 1948, have been paid and if some of these premiums have been paid in Pakistan, they are paid over again in India on or before the 31st December 1953 together with interest at $3\frac{1}{2}$ per cent. per annum compounding yearly.
- (2) If any of these policies has become or becomes a claim at any time during the period from the 15th August 1947 to the 31st December 1953, the claim will be paid in full after the deduction of premiums referred to in clause (c) and clause (d) of the proviso to paragraph (1) together with interest at $3\frac{1}{2}$ per cent. per annum compounding yearly and of other charges, if any.
- (3) An application for the revival of a policy shall be made to the Director of Postal Life Insurance, Calcutta.
- (4) The concession is granted purely *ex-gratia* and the Government of India reserves the right to withhold this concession in any case or in any class of cases on any ground which in its opinion is sufficient.
- (5) Cases of policies which have already been revived on payment of arrears of premiums together with interest at 8 per cent. per annum shall not be reopened.

PUBLIC NOTICES

IMPORT TRADE CONTROL

New Delhi, the 5th September 1953

SUBJECT:—Import of wheat for flour mills.

No. 122-I.T.C.(P.N.)/53.—In order to enable flour mills to establish their pre-war export markets, Government have decided to permit exports of wheat flour by flour mills. For this purpose wheat will be released by the Ministry of Food and Agriculture on applications made by the flour mills on the condition that equivalent quantity of wheat will be imported by them to replace the stocks released to them earlier, within a period not exceeding six months from the date of export.

Applications for import licences for import of wheat should be made by the flour mills to the Chief Controller of Imports, New Delhi along with documentary evidence such as, bills of lading, and bankers certificates etc., showing the extent and value of the actual exports made by them and a certificate from the Ministry of Food and Agriculture showing the quantity of wheat released by them earlier.

Applications to the Chief Controller of Imports will be made in the form and manner laid down in the Red Book, from time to time.

SUBJECT:—Import of parts of Zip fasteners falling under

Serial No. 274/IV of the I.T.C. Schedule.

No. 123-I.T.C.(P.N.)/53.—It is notified for the general information of the public that metallic parts of zip fasteners are now classifiable under Serial No. 274 of Part IV of the Import Trade Control Schedule, and future imports of such parts will be allowed only against licences issued for items falling under that serial number.

No. 124-I.T.C.(P.N.)/53.—Attention of importers is invited to paragraph 28 of Section I to the Red Book for the period July-December 1953. The following amendment should be made in the Red Book at the appropriate place:—

Page No. of the Red Book	Reference	Details of correction
9	Para 28 regarding Actual Users.	For “Textile Commissioner Bombay, in the case of cotton textile mills” appearing against item (b) of para 28 read “Textile Commissioner, Bombay, in the case of Textile industries other than Jute and Hemp.”

SUBJECT:—Classification of Rock drilling and mining equipment.

No. 125-I.T.C.(P.N.)/53.—During the licensing period January-June 1953 port pneumatic and electric tools and parts were being licensed by the Development Officer (Tools) as an item falling under the heading 'machine tools'. It has since been felt that it is incorrect to treat this equipment as a machine tool. Consequently, rock drilling and mining tools have been specifically excluded from Serial No. 22 of the list of machine tools given at page 46 of the current Policy Book. The correct classification of this item is given in the succeeding paragraphs.

2. "PNEUMATIC rock drilling and mining equipment and tools" fall under Serial No. 33 of Part II. This serial number is included in O.G.L. No. XXVIII, current upto 30th September 1953. For dollar area, the licensing policy for this item is 100 per cent.

3. "NON-PNEUMATIC rock drilling and mining equipment and tools" fall under Serial No. 36 of Part II of the Import Trade Control Schedule. The import licences issued for this serial number will be valid for the Non-Pneumatic rock drilling equipment.

SUBJECT:—Imports of tyres and tubes along with Tractors July-December 1953.

No. 126-I.T.C.(P.N.)/53.—Reference is invited to the entries against Serial No. 74(i)/V-Tractors shown in Appendix 'ZB' to the 'Red Book' for July-December 1953. It is notified for the information of the importers that licences issued for tractors during the July-December 1953 period will not be valid for the import of tyres and tubes of sizes mentioned in Appendix 'T' to the Policy Red Book for July-December 1953.

2. Appendix 'ZB' to the Red Book for July-December 1953 should be deemed to have been amended accordingly.

New Delhi, the 12th September 1953

SUBJECT:—Concession of claiming licences on soft currency quota on the basis of imports from dollar area.

No. 127-I.T.C. (P.N.)/53.—In the licensing period January-June 1953, according to paragraph 15 of section I to the Policy Book for that period, in the case of items for which the soft currency quota was higher, the importers could, in lieu of the general licence, take a soft currency licence calculated on the higher rate provided the importers wishing to take advantage of this concession chose the same basic year for dollar and soft currency imports. This concession was thought to be unnecessary for the current licensing period largely because it was hoped that most of the cases of importers wishing to obtain soft currency licences at the higher rate will be covered by virtue of the procedure of multiple licensing. It has been represented that in some cases this hope has not been fulfilled, and some of the importers are experiencing considerable difficulty because of the non-availability of this concession.

2. The representations have been considered and it has been decided to give consideration on merits to the applications of importers for the grant of a soft currency licence calculated at the higher rate in lieu of the general licence. Established importers who prefer to obtain, in place of general licences, a soft currency licence based on imports from Hard currency Area but calculated on the soft currency quota percentage are advised to submit their applications to the licensing authorities at the ports along with the following documents:—

- (i) treasury receipt;
- (ii) the quota certificates issued to the firm for both soft and dollar areas;
- (iii) the licences obtained by them in the current period for soft currency area and dollar area respectively.

This will be necessary in the case of importers who have already obtained the licence for dollar area, but who desire to surrender that licence in lieu of obtaining a soft currency licence on the dollar imports.

- (iv) Statement furnishing reasons for claiming this concession in the current period.

3. Applications submitted in accordance with the procedure outlined in the preceding paragraph will be considered by the licensing authorities on merits.

SUBJECT:—Import of shuttle pegs, picking band pegs, creel pegs, combor boards and heald staves falling under Serial No. 5(2) of Part III of the Import Trade Control Schedule.

No. 128-I.T.C.(P.N.)/53.—Attention is invited to the entries in Appendix 'A' of the Red Book for the July-December 1953 period, setting out the licensing policy for goods falling under Serial Nos. 5(1) and 5(2) of Part III of the Import Trade Control Schedule. It has been decided that import of combor boards will not be allowed against licences under Serial No. 5(1) of Part III. It has also been decided that the import of the following items will not be allowed against licences issued for Serial No. 5(2) of Part III:—

1. Shuttle pegs,
2. Picking band pegs,
3. Creel pegs, and
4. Heald staves.

2. It is notified for the information of the trade that licences issued for Serial Nos. 5(1) and 5(2)/III of the Import Trade Control Schedule will not be valid for the importation of the stores mentioned in the preceding paragraph. Entries in column 8 of Appendix A against Serial Nos. 5(1) and 5(2) of Part III of the Import Trade Control Schedule (Pages 95—99 of the current Red Book) should be deemed to have been amplified accordingly.

3. Goods shipped on or before the date of the Public Notice will however be allowed clearance against valid licences.

SUBJECT:—Import of palm oil against licences for coconut oil July-December 1953 period.

No. 129-I.T.C.(P.N.)/53.—Attention is invited to the entries in Appendix 'A' to the Red Book for July-December 1953 against coconut oil falling under S. No. 62 of Part IV of the I.T.C. Schedule, as amended by Ministry of Commerce and Industry Public Notice No. 120-I.T.C.(P.N.)/53, dated the 22nd August 1953. It has been represented that, with a view to enabling small soap factories to obtain their requirements of palm oil from imported stocks, import of palm oil on its own quota of 100 per cent being inadequate, established importers of coconut oil should be allowed to utilise a portion of their licence for the import of palm oil. Under the existing policy, established importers of coconut oil can utilise not more than two-thirds of the face value of their licence for the import of coconut oil, the balance being utilised for copra and coconut kernel. It has now been decided that established importers may, if they so desire, import palm oil in lieu of coconut oil to the extent of one-third of the face value of the licence.

2. It is not necessary for holders of quota licences for the import of coconut oil who wish to take advantage of this concession, to present their licences for endorsement. The Customs authorities have been advised of the concession and clearance of palm oil against valid coconut oil licences will be allowed by them upto one-third of the face value.

SUBJECT:—Licensing policy for the period July-December 1953.

No. 130-I.T.C.(P.N.)/53.—Reference is invited to the Red Book for the period July-December 1953, and this Ministry's Public Notices Nos. 93-ITC(PN)/53, 94-ITC(PN)/53 and 95-ITC(PN)/53, dated the 24th June 1953, incorporated therein. The following amendments should be made in the Red Book at the appropriate places.

56	Column 3	Insert the word "ports" against the description shown against S. No. 46(c) of Part I.

SUBJECT:—Import of Raw materials of paints S. Nos. 34-37 (d)/V.

No. 131-I.T.C.(P.N.)/53.—Attention of importers is invited to list (ii) of Appendix 'S' to July-December 1953 Red Book, according to which licences granted for Raw materials of paints from Soft Currency Area, falling under S. Nos. 34-37(d)/V will be valid for the import of certain articles specified therein.

2. It has been decided to include Metallic Zinc Paste as item No. 57 in the list of permissible items of Raw materials for paints.

3. Appendix 'S' to the Red Book should be deemed to have been amended accordingly.
